Creating a More Inclusive Workplace

As part of our ongoing commitment to fostering a workplace that is inclusive and supportive, we want to highlight the importance of maintaining a culture where equal opportunities are central to everything we do. Creating an environment where everyone has the chance to thrive, regardless of their background, identity, or abilities, is vital for our continued success and well-being as a team.

What will the EDI Network do?

- Meet informally around once every 8 weeks.
- Discuss how equal opportunities are currently reflected within our staff team.
- Explore ways we can improve inclusivity and create a more equitable workplace.
- Provide a safe space for open, honest conversations.
- Share ideas and experiences in an environment of trust and respect.

Join the EDI Network

To further this effort, we're inviting volunteers to join a new initiative that will advocate for equality, diversity, and inclusion within the organisation.

Your perspective is valuable!

Whatever your experiences, your voice is important. Join us in creating a more inclusive and equitable workplace for everyone.
